

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Thomas Minogue
DOCKET NO.: 04-22065.001-R-1
PARCEL NO.: 18-05-311-024-0000

The parties of record before the Property Tax Appeal Board are Thomas Minogue, the appellant, by attorney Edward T. McElroy of Schiller, Klein & McElroy, P.C., Chicago, and the Cook County Board of Review.

The subject property consists of a four-year-old, two-story, single-family dwelling of frame and masonry construction containing 3,088 square feet of living area and located in Lyons Township, Cook County. Features of the residence include two and one-half bathrooms, a full-unfinished basement, air-conditioning, a fireplace and a two-car detached garage.

The appellant, through counsel, submitted evidence before the Property Tax Appeal Board arguing unequal treatment in the assessment process of the improvement as the basis of the appeal. In support of this claim, the appellant submitted assessment data and descriptive information on three properties suggested as comparable to the subject. The appellant also submitted a one-page brief, photographs of the subject and the suggested comparables as well as a copy of the board of review's decision. Based on the appellant's documents, the three suggested comparables consist of two-story, three or four-year-old, single-family dwellings of frame or frame and masonry construction with the same neighborhood code as the subject. Two comparables are located on the same street and within one block of the subject. The improvements range in size from 3,252 to 3,726 square feet of living area. The comparables contain two and one-half or three full bathrooms, a full-unfinished basement, air-conditioning, one or two fireplaces and a multi-car garage. The improvement assessments range from \$51,210 to \$55,872 or from \$15.00 to \$16.07 per square foot of living area. Based on the evidence submitted, the appellant requested a reduction in the subject's improvement assessment.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,272
IMPR.: \$ 49,624
TOTAL: \$ 54,896

Subject only to the State multiplier as applicable.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$74,526. The subject's improvement assessment is \$69,254 or \$22.43 per square foot of living area. In addition, the board submitted the subject's property characteristic printout and copies of documentation from the board of review level complaint file. Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review V. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

The appellant submitted three properties suggested as comparable to the subject to corroborate its equity argument. The Property Tax Appeal Board finds these properties similar to the subject in improvement size, age, location, design as well as amenities. The improvement assessments range from \$15.00 to \$16.07 per square foot of living area. The subject's per square foot improvement assessment of \$22.43 falls above the range established by these properties. The board of review failed to provide any equity comparables or evidence in support of the subject's assessment. After considering adjustments, as well as other differences in the appellant's comparables when compared to the subject, the Board finds the evidence provided by the appellant does support a change in the subject's current assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has adequately demonstrated that the subject dwelling was inequitably assessed by clear and convincing evidence and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
