

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Michael Schmidt
DOCKET NO.: 04-22122.001-R-1
PARCEL NO.: 02-16-215-085-0000

The parties of record before the Property Tax Appeal Board are Michael Schmidt, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 15-year old, two-story style row house of frame construction containing 1,030 square feet of living area with a partial basement with a formal recreation room, central air conditioning, a fireplace and a one-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame dwellings with the same classification code as the subject that are 19 years old. Each of the comparables contains 1,155 square feet of living area. Each of the comparables is described as having central air conditioning and a fireplace. A map submitted by the appellant disclosed the comparables are located approximately ½ mile from the subject. Each of these comparables has an improvement assessment of \$12.51 per square foot of living area. The subject's improvement assessment is \$16.04 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on two comparable properties consisting of two-story frame dwellings that are 15 years old. The dwellings have the same classification and neighborhood codes as the subject property. The board of review indicated the comparables are located on the same street as the subject. The dwellings contain 1,030 square feet of living area and have the same features as the subject property. These properties have improvement

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	2,839
IMPR.:	\$	16,522
TOTAL:	\$	19,361

Subject only to the State multiplier as applicable.

assessments \$16.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

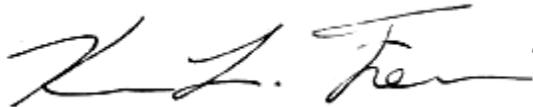

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review were most similar to the subject in location, size, age and features. The Board finds the two comparables submitted by the board of review were almost identical to the subject in characteristics. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. Each of these comparables had an improvement assessment of \$16.04 per square foot of living area. The subject's improvement assessment of \$16.04 per square foot of living area is identical to that of the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
