

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Jitendra Patel
DOCKET NO.: 04-22206.001-R-1
PARCEL NO.: 10-21-123-028-0000

The parties of record before the Property Tax Appeal Board are Jitendra Patel, the appellant, by attorney Stephanie Park of Stephanie Park, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property consists of a six-year old, two-story style dwelling of masonry construction containing 2,418 square feet of living area with a full, unfinished basement, central air conditioning, one fireplace and a two-car garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. In support of the equity argument, the appellant submitted a grid analysis detailing eight suggested comparable properties located in the same neighborhood as the subject property. The comparables are two-story masonry or frame and masonry dwellings that are between six and 52 years old. The comparables range in size from 2,218 to 2,639 square feet of living area and have improvement assessments ranging from \$14.11 to \$15.76 per square foot. The subject property has an improvement assessment of \$17.27 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. In support of the subject's assessment, the board of review offered the property characteristic sheets and a spreadsheet detailing three suggested comparable properties located in the same neighborhood as the subject property. The comparable properties consist of two-story masonry dwellings that are six or 46 years old. The dwellings range in size from 2,126 to 2,844 square feet of living area and have improvement assessments ranging from \$15.46 to \$17.21 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	4,800
IMPR.:	\$	40,960
TOTAL:	\$	45,760

Subject only to the State multiplier as applicable.

PTAB/MKB/7-09

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Property Tax Appeal Board further finds that a reduction in the subject's assessment is warranted.

The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

Both parties presented assessment data and descriptions on a total of 11 equity comparables that had varying degrees of similarity with the subject. Seven of the appellant's comparables differed from the subject in exterior construction and six of these were substantially older than the subject. The board of review's comparable three was also significantly older than the subject and comparable one was considerably larger than the subject. Thus, these comparables received reduced weight in the Board's analysis. The appellant's comparable eight and the board of review's comparable two were similar to the subject in design, exterior construction age and size. Due to their similarities to the subject, they received the greatest weight in the Board's analysis. These comparables had improvement assessments of \$14.86 and \$16.94 per square foot. The subject's improvement assessment of \$17.27 per square foot is above these assessments. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject property, the Board finds the subject's assessment is not supported by the most comparable properties contained in the record and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
