

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Salvatore Infantino
DOCKET NO.: 04-22935.001-R-1
PARCEL NO.: 14-20-103-046-0000

The parties of record before the Property Tax Appeal Board are Salvatore Infantino, the appellant, and the Cook County Board of Review.

The subject property consists of 115-year-old, one and one half-story, single-family residence of frame construction containing 1,122 square feet of living area. The subject features one full bath and a basement. The appellant contends unequal treatment in the improvement assessment as the basis of the appeal. The subject is located in Lake View Township.

The appellant submitted assessment data and descriptions on five properties located in the same neighborhood as the subject. The properties are all one and one half-story, single-family residences of frame or stucco construction. Ages range from 90 to 118 years. Each has a basement and either one or two full baths. They range in size from 1,125 to 2,269 square feet of living area.

The properties have improvement assessments ranging from \$6.90 to \$27.72 per square foot of living area. The subject improvement is assessed at \$30.40 per square foot of living area. On the basis of this evidence, the appellant requested an assessment for the subject improvement of \$23.85 per square foot living area.

The board of review submitted "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$34,108, was disclosed. In addition, assessment data and descriptions on four properties were presented. The properties range in age from 112 to 130 years. All are of frame construction. Each is located within the same neighborhood of the subject. These

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,208
IMPR.: \$ 34,108
TOTAL: \$ 41,316

properties are one and one half-story single-family residences and feature one bath and a basement each.

The properties range in size from 1,122 to 1,219 square feet and have improvement assessments ranging from \$30.52 to \$33.77 per square foot of living area. On the basis of this evidence, the board requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds that a reduction in the assessment of the subject property is not warranted based on the evidence contained in the record.

The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. The Board finds that the appellant has not met its burden.

In this appeal, there were a total of nine comparable properties submitted by the parties. The board's comparables are the most similar to the subject property. These properties are each within 100 square feet of living area of the subject and possess the same amenities as the subject. The properties found most similar range from \$30.52 to \$33.77 per square foot of living area. The subject is assessed at \$30.40 per square foot of living area and is below the range of the properties found most similar. The appellant's properties are not as similar in square footage of living area, age, location or amenities.

Therefore, based on a review of the assessment comparables contained in the record, the Property Tax Appeal Board finds that the appellant has not supported the contention of unequal treatment in the assessment process and a reduction in the assessment of the subject property is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
