

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Edward D. Clark, III  
DOCKET NO.: 04-23388.001-R-1  
PARCEL NO.: 32-11-109-019-0000

The parties of record before the Property Tax Appeal Board are Edward D. Clark, III, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 30-year old, multi-level single family dwelling of frame and masonry construction containing 1,328 square feet of living area. Features of the home include a partial basement with a formal recreation room, central air conditioning, a fireplace and a two-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. In support of this argument the appellant submitted information on four comparable properties described as multi-level frame and masonry dwellings that are either 30 or 31 years old for consideration. The comparables range in size from 1,447 to 1,550 square feet of living area. Each comparable has a partial basement and central air conditioning. One of the comparables has a fireplace. The comparables have improvement assessments that range from \$5.77 to \$6.25 per square foot of living area. The subject's improvement assessment is \$8.61 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of multi-level frame and masonry dwellings that are either 23 or 30 years old. The dwellings range in size from 1,183 to 1,328 square feet of living area. Each comparable has a partial basement with a finished recreation room, two comparables have central air conditioning, two comparables have a fireplace, and each

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	3,170
IMPR.:	\$	11,428
TOTAL:	\$	14,598

Subject only to the State multiplier as applicable.

comparable has either an attached or detached two-car garage. The comparables have very similar property index numbers as the subject and two are located on the same street and within one block of the subject. These comparables have improvement assessments ranging from \$8.79 to \$8.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

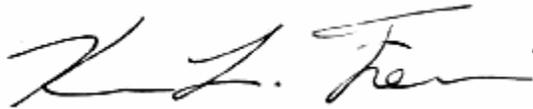

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review are most similar to the subject in location and features. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$8.79 to \$8.86 per square foot of living area. The subject's improvement assessment of \$8.61 per square foot of living area is below this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
