

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Marian Gorzelany
DOCKET NO.: 04-23472.001-R-1
PARCEL NO.: 03-23-107-041-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Marian Gorzelany, the appellant, by attorney Lisa A. Marino of Marino & Associates of Chicago and the Cook County Board of Review.

The subject property consists of a four-year-old, two-story single-family dwelling of frame construction containing 2,633 square feet of living area and located in Wheeling Township, Cook County. The residence contains two and one-half bathrooms, a partial basement, air conditioning, a fireplace and a two-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered four suggested comparable properties located between one and three miles of the subject. These properties consist of two-story single-family dwellings of masonry, frame or frame and masonry construction and range in age from 37 to 49 years. The comparables have two bathrooms and two comparables have full basements, one finished. Three homes are air-conditioned and three have fireplaces. The sites have one or two-car garages. The comparables contain between 2,118 and 3,156 square feet of living area and have improvement assessments ranging from \$19,243 to \$30,152 or from \$9.09 to \$9.89 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$31,438, or \$11.94 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered four suggested comparable properties located within a block of the subject. The comparables consist of two-story single-family dwellings of frame construction and are seven years old. The comparables contain one or two bathrooms with some half-baths, full or partial basements; all have air conditioning, fireplaces and all have

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR. \$31,438
TOTAL: \$40,353

two-car garages. The comparables range in size from 2,561 to 2,633 square feet of living area and have improvement assessments of between \$32,483 and \$33,880 or from \$12.34 to \$13.23 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

The PTAB finds the board's four comparables are quite similar to the subject's major features. These properties have improvement assessments ranging from \$12.34 to \$13.23 per square foot of living area. The subject's per square foot improvement assessment of \$11.94 is below this range of properties. The PTAB gives less weight to the appellant's comparables because they are less similar to the subject in location, living area and especially age. After considering the differences in the suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
