

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Ray & Ana Brusin
DOCKET NO.: 04-23475.001-R-1
PARCEL NO.: 03-16-104-008-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Ray & Ana Brusin, the appellants, by attorney Lisa A. Marino of Marino & Associates of Chicago and the Cook County Board of Review.

The subject property consists of a 32-year-old, two-story single-family dwelling of frame and masonry construction containing 2,380 square feet of living area and located in Wheeling Township, Cook County. The residence contains two and one-half bathrooms, a finished partial basement, air conditioning, a fireplace and a two-car garage.

The appellants, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellants offered three suggested comparable properties located within three blocks of the subject. These properties consist of two-story single-family dwellings of frame or frame and masonry construction and range in age from 19 to 28 years. The comparables have two and one half bathrooms and full or partial basements. All homes are air-conditioned, with fireplaces and the comparables have two-car garages. The comparables contain between 2,248 and 2,408 square feet of living area and have improvement assessments ranging from \$23,300 to \$23,944 or from \$9.68 to \$11.26 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$29,774, or \$12.51 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered four suggested comparable properties located within a block of the subject. The comparables consist of two-story single-family dwellings of frame and masonry construction and are 32 or 33 years old. The comparables contain two and one half-baths and full or partial basements; all have air conditioning, fireplaces and all have

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR: \$29,774
TOTAL: \$36,974

two-car garages. The comparables range in size from 2,201 to 2,294 square feet of living area and have improvement assessments of between \$28,316 and \$33,187 or from \$12.87 to \$14.63 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellants have failed to overcome this burden.

The PTAB finds both parties' comparables are similar to the subject. These properties have improvement assessments ranging from \$9.68 to \$14.63 per square foot of living area. The subject's per square foot improvement assessment of \$12.51 is within this range of properties. The PTAB gives a little less weight to the appellant's comparables because they are somewhat less similar to the subject in location and age. After considering the similarities in the suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellants failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
