

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Emil Bertolozzi
DOCKET NO.: 04-23631.001-R-1
PARCEL NO.: 09-20-211-017-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Emil Bertolozzi, the appellant, by attorney Joseph G. Kuser of Storino, Ramello & Durkin of Rosemont and the Cook County Board of Review (board).

The subject property consists of a 96-year-old, one and part two-story dwelling of frame construction containing 1,283 square feet of living area and located in Maine Township, Cook County. The residence includes one bathroom, a full basement, air conditioning and no garage space.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered three suggested comparable properties located within a half mile of the subject. These properties consist of one and part two-story dwellings of frame or masonry construction, and range in age from 79 to 108 years. The comparables include one or two bathrooms, full basements, one with air conditioning and one home has a fireplace. Two comparables have one or two-car garages. The comparables contain between 1,719 and 1,768 square feet of living area and have improvement assessments ranging from \$16,630 to \$17,646 or from \$9.43 to \$10.27 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$15,972, or \$12.45 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered four suggested comparable properties located within a quarter mile of the subject. The comparables consist of one and part two-story dwellings of frame construction. The comparables range in age from 79 to 101 years and the comparables have full basements, one finished. The comparables have one or two bathrooms, with some half baths and three have two-car garages. The comparable properties contain between 1,276 and 1,569 square

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR.: \$15,972
TOTAL: \$21,372

feet of living area with improvement assessments of between \$17,071 and \$20,372 or from \$12.66 to \$13.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has failed to overcome this burden.

The PTAB finds the board's four comparables are more similar to the subject but with some differences in living area to be considered. These properties have improvement assessments ranging from \$12.66 to \$13.38 per square foot of living area. The subject's per square foot improvement assessment of \$12.45 is below this range of properties. The PTAB gives less weight to the appellant's comparables because they are less similar to the subject in living area and/or construction materials. After considering the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the PTAB finds the appellant did not adequately demonstrate that the subject property was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
