

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Susan Kennihan
DOCKET NO.: 04-23995.001-R-1
PARCEL NO.: 18-04-302-006

The parties of record before the Property Tax Appeal Board are Susan Kennihan, the appellant, by attorney Adam Bossov in Chicago; and the Cook County Board of Review.

The subject property consists of an 17,000 square foot parcel of land improved with a 100-year old, two-story, frame, single-family dwelling containing 2,752 square feet of living area, two baths, air conditioning, a fireplace, and a full, unfinished basement. The appellant argued unequal treatment in the assessment process as the basis of the appeal.

In support of the equity argument, the appellant, via counsel, submitted information on a total of five properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, frame, stucco, or frame and masonry, single-family dwellings with between two and three and one-half baths and, for one property, a fireplace. Air conditioning and basement information were not provided. The properties range: in age from 65 to 113 years; in size from 2,782 to 3,491 square feet of living area; and in improvement assessments from \$9.87 to \$11.37 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$42,115 or \$15.30 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on a total of three properties suggested as comparable and located within the subject's neighborhood. The properties consist of two-story, frame, single-family dwellings with one and one-half or two baths, a fireplace, a partial or full basement with one finished, and, for one property, air conditioning. The properties range: in age from 92 to 117 years; in size from 2,304 to 2,724 square feet of living area; and in improvement assessments from \$16.83 to \$17.67 per square foot of living area. Based on this evidence,

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	16,416
IMPR.:	\$	42,115
TOTAL:	\$	58,531

Subject only to the State multiplier as applicable.

the board of review requested confirmation of the subject's assessment.

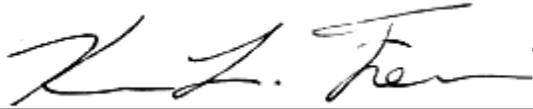

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met not this burden.

The parties submitted a total of eight properties suggested as comparable to the subject. The PTAB finds the appellants comparables #1, #3, and #5 and the board of review's comparables #1 and #2 are the most similar to the subject in design, size, construction, and age. These properties are frame, two-story, single-family dwellings located within the subject's neighborhood. The properties range: in age from 100 to 117 years; in size from 2,628 to 2,941 square feet of living area and in improvement assessments from \$9.87 to \$17.67 per square foot of living area. In comparison, the subject's improvement assessment of \$15.30 per square foot of living area is within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
