

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Zenon Orlinski
DOCKET NO.: 04-24390.001-R-1
PARCEL NO.: 04-17-303-023-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Zenon Orlinski, the appellant, by attorney Lisa A. Marino of Marino and Associates of Chicago and the Cook County Board of Review (board).

The subject property consists of an 18-year-old, one and part two-story single-family dwelling of frame and masonry construction containing 5,703 square feet of living area and located in Northfield Township, Cook County. The residence contains three and one-half bathrooms, a full basement, air conditioning, fireplaces and a three-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered four suggested comparable properties located within two miles of the subject. These properties consist of one-story single-family dwellings of masonry, frame or frame and masonry construction and range in age from 39 to 96 years. The comparables have one or two bathrooms and three have full or partial basements, one finished. Three homes are air-conditioned and two have fireplaces. The sites have one, two or three-car garages. The comparables contain between 1,824 and 3,005 square feet of living area and have improvement assessments ranging from \$18,506 to \$34,217 or from \$8.03 to \$11.39 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$74,832, or \$13.12 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered four suggested comparable properties located within a quarter mile of the subject. The comparables consist of one-story single-family dwellings of masonry construction and range in age from 27 to 38 years. The comparables contain two and one half bathrooms, three with partial basements; all have air conditioning, fireplaces and two-

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,968
IMPR. \$74,832
TOTAL: \$90,800

car garages. The comparables range in size from 3,192 to 4,158 square feet of living area and have improvement assessments of between \$47,247 and \$62,476 or from \$14.80 to \$15.42 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

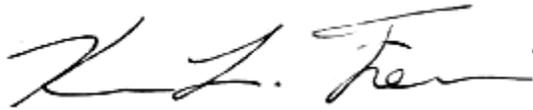

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

The PTAB finds both parties submitted a total of eight suggested properties as similar to the subject. The PTAB finds none of the eight are similar to the subject. They differ substantially from the subject in building area and in most cases they differ in age and construction. These eight properties have improvement assessments ranging from \$8.03 to \$15.42 per square foot of living area. The subject, superior in size, has a per square foot improvement assessment of \$13.12 that is within this range of properties. After considering the serious differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
