

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Linda & Michael Unger  
DOCKET NO.: 04-24567.001-R-1  
PARCEL NO.: 09-28-125-014-0000

The parties of record before the Property Tax Appeal Board are Linda & Michael Unger, the appellants, by attorney Melissa K. Whitley of Marino & Associates in Chicago, and the Cook County Board of Review.

The subject property consists of a 45-year-old, one-story, single-family dwelling of masonry construction containing 1,210 square feet of living area and located in Maine Township, Cook County. Features of the residence include one full bathroom, a full-unfinished basement and a two-car detached garage.

The appellants, through counsel, submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process of the improvement as the basis of the appeal. In support of the inequity claim, the appellants submitted assessment data and descriptive information on three properties suggested as comparable to the subject. The appellants also submitted a one-page brief, photographs of the subject and the suggested comparables and a copy of the board of review's decision. Based on the appellants' documents, the three suggested comparables consist of one-story, single-family dwellings of frame, masonry or frame and masonry construction located within one block of the subject. The improvements range in size from 1,431 to 1,587 square feet of living area and range in age from 42 to 77 years. The comparables contain one full bathroom, a partial or full-unfinished basement and a one-car or two-car garage. The improvement assessments range from \$11.16 to \$12.35 per square foot of living area. Based on the evidence submitted, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$23,256. The subject's improvement assessment is \$17,604 or \$14.55 per square foot of living area. In support of the assessment the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,652  
IMPR.: \$ 17,604  
TOTAL: \$ 23,256

board submitted property characteristic printouts and descriptive data on four properties suggested as comparable to the subject. The suggested comparables are improved with one-story, single-family dwellings of masonry construction located on the same street and block as the subject. The improvements range in size from 1,144 to 1,369 square feet of living area and range in age from 40 to 44 years. The comparables contain one or one and one-half bathrooms, a full-finished or unfinished basement and a one-car or two-car garage. The improvement assessments range from \$15.49 to \$16.78 per square foot of living area. Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellants' argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review V. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellants have not overcome this burden.

The Board finds the board of review's comparables to be the most similar properties to the subject in the record. These four properties are similar to the subject in improvement size, amenities, age and location and have improvement assessments ranging from \$15.49 to \$16.78 per square foot of living area. The subject's per square foot improvement assessment of \$14.55 falls below the range established by these properties. The Board finds the appellants' comparables less similar to the subject in improvement size, exterior construction and/or age. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported by the most similar properties contained in the record. As a result of this analysis, the Property Tax Appeal Board finds the appellants have failed to adequately demonstrate that the subject property was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
