

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Roy Jensen
DOCKET NO.: 04-24809.001-R-1
PARCEL NO.: 09-35-305-009-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Roy Jensen, the appellant, by attorney Michael Elliott of Elliott and Associates of Des Plaines and the Cook County Board of Review (board).

The subject property consists of a 47-year-old, one and part two-story single-family dwelling of frame and masonry construction containing 2,566 square feet of living area and located in Maine Township, Cook County. The residence contains one full and two half bathrooms, a full finished basement, fireplaces and a two-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered four suggested comparable properties located within a quarter mile of the subject. These properties consist of one and part two-story single-family dwellings of masonry, frame and masonry or frame construction and range in age from 54 to 82 years. The comparables have one and two bathrooms with some half-baths and full basements. Three homes are air-conditioned, have fireplaces and two-car garages. The comparables contain between 2,050 and 2,990 square feet of living area and have improvement assessments ranging from \$26,900 to \$35,709 or from \$10.38 to \$13.55 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$43,305, or \$17.66 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered three suggested comparable properties located within three blocks of the subject.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,849
IMPR. \$45,305
TOTAL: \$54,154

Subject only to the State multiplier as applicable.

PTAB/TMcG. 05/08

The comparables consist of one or one and part two-story single-family dwellings of frame, masonry or frame and masonry construction and range in age from 51 to 77 years. The comparables contain one or two bathrooms, partial or full basements, one finished; one has air conditioning, all with fireplaces and one or two-car garages. The comparables range in size from 1,877 to 2,314 square feet of living area and have improvement assessments of between \$33,953 and \$44,058 or from \$17.71 to \$19.04 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

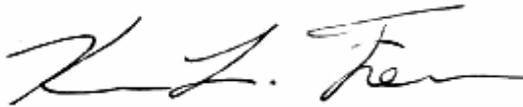

The PTAB finds both the board's and the appellant's comparables are for the most part similar to the subject but with some considerable differences in living area, construction, age and design. These properties have improvement assessments ranging from \$10.38 to \$19.04 per square foot of living area. The subject's per square foot improvement assessment of \$17.66 is within this range of properties. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is insufficient to cause a change in the subject's assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
