

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Susana Padilla  
DOCKET NO.: 04-24866.001-R-1  
PARCEL NO.: 29-04-118-015-0000

The parties of record before the Property Tax Appeal Board are Susana Padilla, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 46-year old, one-story dwelling of masonry construction containing 1,086 square feet of living area with a full unfinished basement and a two-car detached garage.

The appellant's appeal is based on unequal treatment in the assessment process. In support of this argument the appellant submitted information on seven comparable properties. Comparables 1 through 4 were described as one-story or one and one-half story masonry or frame and masonry dwellings that range in age from 50 to 61 years old. These four comparables range in size from 1,056 to 1,348 square feet of living area. Three of the comparables have basements, two have central air conditioning and two have fireplaces. These properties have improvement assessments ranging from \$3.47 to \$3.56 per square foot of living area. Comparables 5 through 7 had limited descriptions such as property index number, classification code, neighborhood code, assessment data and living area. These three comparables range in size from 1,196 to 1,302 square feet of living area and have improvement assessments ranging from \$3.58 to \$3.73 per square foot of living area. The subject's improvement assessment is \$6.25 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of one-story masonry dwellings that are 44 years old. Each of the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

|        |    |       |
|--------|----|-------|
| LAND:  | \$ | 2,172 |
| IMPR.: | \$ | 6,791 |
| TOTAL: | \$ | 8,963 |

Subject only to the State multiplier as applicable.

dwellings has 1,089 square feet of living area with a full unfinished basement and a two-car detached garage. One comparable has central air conditioning. These comparables have improvement assessments ranging from \$6.31 to \$6.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

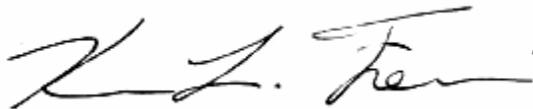

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review were most similar to the subject in size, design, age and features. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$6.31 to \$6.46 per square foot of living area. The subject's improvement assessment of \$6.25 per square foot of living area is below this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
