

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Maryhelen Eischen  
DOCKET NO.: 04-24868.001-R-1  
PARCEL NO.: 29-02-326-057-0000

The parties of record before the Property Tax Appeal Board are Maryhelen Eischen, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 24-year old, multi-level dwelling of frame and masonry exterior construction containing 1,251 square feet of living area with a partial basement finished with a recreation room and a two-car detached garage.

The appellant's appeal is based on unequal treatment in the assessment process. In support of this argument the appellant submitted information on four comparable properties described as multi-level masonry or frame and masonry dwellings that range in age from 29 to 34 years old for consideration. The comparables range in size from 1,136 to 1,298 square feet of living area. Three of the comparables have partial basements and three have central air conditioning. These properties have improvement assessments ranging from \$4.57 to \$4.68 per square foot of living area. The subject's improvement assessment is \$7.49 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of multi-level frame and masonry dwellings that range in age from 24 to 29 years old. The dwellings range in size from 1,121 to 1,197 square feet of living area. Each comparable has a partial basement finished with a recreation room and a two-car detached garage. One comparable also has central air conditioning. One comparable was located adjacent to the subject. These properties have improvement assessments ranging from \$7.56 to \$7.73 per square foot of living area. The board of review also disclosed

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	2,671
IMPR.:	\$	9,365
TOTAL:	\$	12,036

Subject only to the State multiplier as applicable.

the subject property was purchased in May 2003 for a price of \$130,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

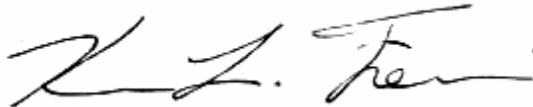

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables 1 and 2 submitted by the appellant and the comparables submitted by the board of review were most similar to the subject in age, size, exterior construction and features. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$4.57 to \$7.73 per square foot of living area. The subject's improvement assessment of \$7.49 per square foot of living area is within this range. The board of review also disclosed the subject property sold in May 2003 for a price of \$130,000, which indicates the subject's assessment is not excessive in relation to its market value. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
