

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Jonathan Kennedy
DOCKET NO.: 04-24876.001-R-1
PARCEL NO.: 29-15-106-030-0000

The parties of record before the Property Tax Appeal Board are Jonathan Kennedy, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 34-year old, multi-level dwelling of frame and masonry exterior construction containing 1,066 square feet of living area with a partial finished basement, central air conditioning, and a two-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. In support of this argument the appellant submitted information and copies of photographs on seven comparable properties. The first four comparables were described as multi-level frame or frame and masonry dwellings that range in age from 30 to 37 years old for consideration. Each of these properties had a partial finished basement, three had central air conditioning and one had a fireplace. The appellant provided limited descriptions on the three remaining comparables such as property index number, classification code, neighborhood code assessment information, living area and building assessment per square foot. The comparables range in size from 1,066 to 1,274 square feet of living area and have improvement assessments ranging from \$4.81 to \$6.40 per square foot of living area. The subject's improvement assessment is \$8.15 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of multi-level frame and masonry dwellings that were either 28 or 37 years old. The dwellings range in size from 903 to 1,088 square feet

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	3,175
IMPR.:	\$	8,693
TOTAL:	\$	11,868

Subject only to the State multiplier as applicable.

of living area. Each comparable has a partial finished basement, one has central air conditioning and each has a two-car garage. These properties have improvement assessments ranging from \$8.11 to \$8.58 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

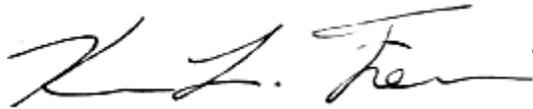

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparable number 7 submitted by the appellant and comparables number 1 and 2 submitted by the board of review were most similar to the subject in size. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$6.40 to \$8.30 per square foot of living area. The subject's improvement assessment of \$8.15 per square foot of living area is within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
