

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Salamat Sheikh  
DOCKET NO.: 04-25011.001-C-1 thru 04-25011.004-C-1  
PARCEL NO.: 19-04-431-027-0000 thru 19-04-431-030-0000

The parties of record before the Property Tax Appeal Board are Salamat Sheikh, the appellant, by attorney Terrence Kennedy, Jr. of the Law Offices of Terrence Kennedy, Jr. of Chicago and the Cook County Board of Review.

The subject property consists of a 35-year-old, one-story, masonry, 2,950 square foot class 5-17 commercial building situated on 11,700 square feet of land located in Lake Township Cook County.

The appellant's counsel submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered six suggested comparable commercial properties. These properties consist of one-story class 5-17 properties of masonry construction and range in age from one to 47 years. The appellant submitted Assessor's printouts and 4905 buff cards for the comparables. The comparables range in size from 2,055 to 5,664 square feet. The comparables have total assessments ranging from \$16,085 to \$98,056 or from \$7.83 to \$18.62 per square foot of building area. Comparables one and four have been assigned partial assessments. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" that disclosed the subject's total assessment of \$83,847 which reflects a market value of \$220,650 as factored by the Cook County Ordinance level of 38%. The board submitted evidence in support of its assessed valuation of the subject property. As evidence the board offered five sales of commercial properties

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

04-25011.001-C-1	19-04-431-027	\$9,063	\$13,855	\$22,918

ranging in size from 2,500 to 5,500 square feet that occurred between April 2002 and July 2003 for prices ranging from \$189,000 to \$520,000 or from \$72.73 to \$132.00 per square foot of land and building. No analysis and adjustment of the sales data was provided by the board.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has overcome this burden.

The PTAB finds the appellant's comparables are somewhat similar to the subject but with some considerable differences in building and lot size and age to be taken into consideration. These properties have total assessments ranging from \$7.83 to \$18.62 per square foot of building area. The subject's per square foot total assessment of \$28.42 is above this range of properties. The PTAB gives less weight to comparables one and four due to partial assessments and less weight to comparables five and six due to age and a much smaller lot. After considering the differences and similarities in the suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is sufficient to cause a change in the subject's assessment.

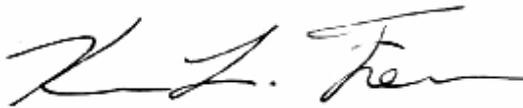

The PTAB gives less weight to the board's sales evidence because it lacks analysis and a supported conclusion of value and the appeal was based on inequity.

As a result of this analysis, the PTAB finds that the appellant has adequately demonstrated that the subject property was overassessed and that a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
