

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Mary Wright
DOCKET NO.: 04-25364.001-R-1
PARCEL NO.: 07-29-406-037-0000

The parties of record before the Property Tax Appeal Board are Mary Wright, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 37-year old, one-story dwelling of frame construction containing 1,122 square feet of living area with a partial, finished basement and a two-car detached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on seven comparable properties. Four of the comparables are described as one-story frame dwellings that are either 41 or 42 years old for consideration. The seven comparables range in size from 1,210 to 1,354 square feet of living area and have improvement assessments ranging from \$11.18 to \$11.86 per square foot of living area. The subject's improvement assessment is \$15.86 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on two comparable properties consisting of one-story frame dwellings that are each 38 years old. Each of the dwellings contain 1,186 square feet of living area and have improvement assessments of \$15.86 and \$16.04 per square foot of living area, respectively. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

| | | |
|--------|----|--------|
| LAND: | \$ | 6,480 |
| IMPR.: | \$ | 17,790 |
| TOTAL: | \$ | 24,270 |

Subject only to the State multiplier as applicable.

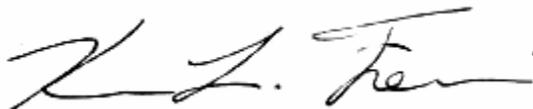

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the board of review's comparables, located on the same street as the subject were more similar to the subject in size, design, exterior construction, basement finish, and/or age. Because of these similarities, these properties were given more weight in the Board's analysis. These most similar comparables had improvement assessments of \$15.86 and \$16.04 per square foot of living area, respectively. The subject's improvement assessment of \$15.86 per square foot of living area is within this range and is the same as the board of review's comparable #1. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
