

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Frank Raymond
DOCKET NO.: 04-25388.001-R-1
PARCEL NO.: 07-27-108-012-0000

The parties of record before the Property Tax Appeal Board are Frank Raymond, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 32-year old, multi-level dwelling of frame and masonry construction containing 1,413 square feet of living area with a partial, finished basement, central air-conditioning and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as multi-level frame or frame and masonry dwellings that range in age from 37 to 39 years old for consideration. The comparables range in size from 1,499 to 1,614 square feet of living area and have improvement assessments ranging from \$13.27 to \$14.41 per square foot of living area. The subject's improvement assessment is \$16.86 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of multi-level frame dwellings that are either 28 or 32 years old. The dwellings range in size from 1,075 to 1,224 square feet of living area and have improvement assessments ranging from \$18.01 to \$18.12 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	5,949
IMPR.:	\$	23,825
TOTAL:	\$	29,774

Subject only to the State multiplier as applicable.

parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds three of the appellant's comparables and two of the board of review's comparables were more similar to the subject in size, design, location, basement finish, and/or age. The board gave less weight to the board of review's comparable #3 and the appellant's comparable #1 because they were dissimilar to the subject in size, basement area and/or other features. The most similar comparables had improvement assessments that ranged from \$14.20 to \$18.12 per square foot of living area. The subject's improvement assessment of \$16.86 per square foot of living area is within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
