

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: John Franson
DOCKET NO.: 04-25436.001-R-1
PARCEL NO.: 07-23-213-002-0000

The parties of record before the Property Tax Appeal Board are John Franson, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 6-year old, two-story dwelling of masonry construction containing 3,633 square feet of living area with central air conditioning, a fireplace and a three-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. In support of this argument the appellant submitted assessment information and copies of photographs on seven comparable properties. The first four comparables were described as two-story frame or frame and masonry dwellings that range in age from 12 to 17 years old. Each of the comparables has a basement, central air conditioning and a fireplace. The appellant provided limited descriptions on the three remaining comparables such as property index number, classification code, neighborhood code, assessment information, living area and building assessment per square foot. The seven comparables ranged in size from 3,242 to 3,654 square feet of living area. These properties have improvement assessments ranging from \$12.04 to \$12.40 per square foot of living area. The subject's improvement assessment is \$15.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of two-story frame or masonry dwellings that range in age from 6 to 8 years old. The comparables have the same neighborhood code as the subject property. The dwellings range in size from 2,628 to

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 14,129
IMPR.: \$ 54,487
TOTAL: \$ 68,616

Subject only to the State multiplier as applicable.

3,340 square feet of living area and have improvement assessments ranging from \$15.39 to \$16.96 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

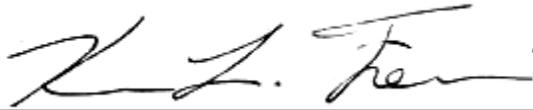

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds comparables 4 and 6 submitted by the appellant and comparable 3 submitted by the board of review were most similar to the subject in size. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments ranging from \$12.22 to \$15.39 per square foot of living area with the comparable most similar to the subject in age establishing the high end of this range. The subject's improvement assessment of \$15.00 per square foot of living area is within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
