

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: William Gibbons  
DOCKET NO.: 04-25940.001-R-1  
PARCEL NO.: 05-17-403-028

The parties of record before the Property Tax Appeal Board (hereinafter PTAB) are William Gibbons, the appellant, by Attorney Mitchell L. Klein of Schiller Klein & McElroy PC in Chicago; and the Cook County Board of Review.

The subject property contains an 11,250 square foot parcel improved with a 34-year old, two-story, masonry dwelling of average condition. The building contains 4,031 square feet of living area with three full and one half-baths, a partial basement, two fireplaces and a two-car garage.

The appellant argued that the appeal was based on unequal treatment in the assessment process of the improvement.

The appellant's pleadings reflect data and descriptions on a total of five comparable properties. They are improved with a two-story, dwelling of masonry or frame and masonry exterior construction. These comparables range: in baths from four to five; in age from 4 to 48 years; in size from 3,802 to 4,341 square feet of living area; and in improvement assessments from \$23.72 to \$24.32 per square foot of living area. Amenities include from a full or partial basement, one to two fireplaces, and a two-car garage. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed as \$139,534 reflecting an improvement assessment of \$108,485 or \$26.91 per square foot. The board of review submitted data and descriptions of four suggested comparables. These properties are improved with a two-story, masonry dwelling with two full and one-half baths, while accorded an average condition. The comparables range: in age from 5 to 12 years; in size from 2,800 to 4,443 square feet of living area; and in improvement assessments from \$27.66 to \$46.81 per square foot of living area.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	31,049
IMPR.:	\$	96,921
TOTAL:	\$	127,970

Subject only to the State multiplier as applicable.

PTAB/KPP

Amenities included from a full or partial basement, one to three fireplaces, and a two-car garage. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

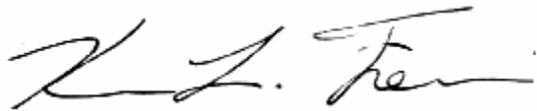

In totality, the parties submitted nine equity comparables. The PTAB finds the comparables #1, #2, #3 and #5 submitted by the appellant were most similar to the subject. These four comparables had improvement assessments that ranged from \$23.72 to \$24.32 per square foot of living area, while the subject's improvement assessment stands at \$26.91 per square foot, which is above the range reflected by the comparables. Due to their similarities to the subject, these comparables received the most weight in the PTAB's analysis; however, slight adjustments were necessary in consideration of exterior construction, age, and/or size. The remaining properties were accorded diminished weight due to a disparity in improvement age and/or size.

After considering the adjustments and the differences in the comparables, the PTAB finds the subject's per square foot improvement assessment is not supported and that a reduction in the subject's assessment is warranted based upon the evidence submitted in the tax year at issue.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
