

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Joseph Kusan
DOCKET NO.: 04-26897.001-R-1
PARCEL NO.: 08-22-203-072-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Joseph Kusan, the appellant, by attorney Donald T. Rubin of Rubin & Norris of Chicago and the Cook County Board of Review (board).

The subject property consists of a 13-year-old, three-story, six-unit apartment building of masonry construction containing 6,069 square feet of building area and located in Elk Grove Township, Cook County. The apartment property includes six bathrooms, a fireplace and no basement.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered six suggested comparable properties located within two blocks of the subject. These properties consist of three-story, six-unit apartment buildings of masonry construction and range in age from 13 to 26 years. The comparables include six bathrooms and one building includes a basement. Each building is air conditioned. There are no garages. The comparables contain between 6,069 and 7,374 square feet of building area and have improvement assessments ranging from \$42,854 to \$50,073 or from \$6.56 to \$7.03 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$48,639, or \$8.01 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered four suggested comparable properties located within a block of the subject. The comparables consist of three-story, six-unit apartment buildings of masonry construction. The comparables are twelve years old and have no basements. They have six bathrooms and no garages. Each of the comparable properties contain 6,276 square feet of building area with improvement assessments ranging from \$51,070 to \$51,124 or from

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,187
IMPR. \$48,639
TOTAL: \$52,826

Subject only to the State multiplier as applicable.

\$8.14 to \$8.15 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has failed to overcome this burden.

The PTAB finds the board's four comparables and the appellant's comparable six are the comparables most similar to the subject. These properties have improvement assessments ranging from \$7.03 to \$8.15 per square foot of living area. The subject's per square foot improvement assessment of \$8.01 is within this range of properties. The PTAB gives less weight to the appellant's remaining five comparables because they are much less similar to the subject in building area and to a lesser degree similar in age. After considering both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the PTAB finds the appellant did not demonstrate that the subject apartment building was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
