

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Bonnie Podolsky  
DOCKET NO.: 04-27314.001-R-1  
PARCEL NO.: 05-29-317-025-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Bonnie Podolsky the appellant, by attorney Jason Shilson of O'Keefe Lyons & Hynes, LLC of Chicago and the Cook County Board of Review.

The subject property consists of an eight-year-old, two-story single-family dwelling of frame construction containing 3,468 square feet of living area and located in New Trier Township, Cook County. The residence contains two and one-half bathrooms, a partial basement, air conditioning, a fireplace and a two-car garage.

The appellant's attorney argued that the fair market value of the subject is not accurately reflected in its assessed value as the basis for this appeal.

The appellant argued that the subject's recent sale best reflected the subject's market value. In support of this argument, the appellant indicated through a closing statement that the subject was purchased on August 25, 2002 for \$1,000,000. The board of review's evidence disclosed the subject sold under document #20901530 for \$1,000,000. Based upon this evidence, the appellant requested a reduction in the subject's total assessment to reflect the reduced market value.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$74,110, or \$21.37 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered four suggested comparable properties located within a quarter mile of the subject. The comparables consist of two-story single-family dwellings of frame and masonry construction and range in age from 46 to 52 years. The comparables contain two or three bathrooms with half baths,

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,220  
IMPR. \$59,680  
TOTAL: \$99,900

three with finished basements; they have fireplaces, air conditioning and two-car garages. The comparables range in size from 2,088 to 2,418 square feet of living area and have improvement assessments of between \$49,330 and \$60,957 or from \$23.02 to \$28.62 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

The board's evidence was silent as to the appellant's market value argument. As a result of its analysis, the board requested confirmation of the subject's assessments.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. *Property Tax Appeal Board Rule 1910.63(e)*. Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. *Property Tax Appeal Board Rule 1910.65(c)*.

The PTAB finds that the appellant has met this burden and has submitted the best evidence of market value. The appellant's closing statement indicates that the subject property was purchased for \$1,000,000. The board of review submitted no evidence to rebut the arm's length nature of this transaction. The board did list the subject's purchase price of \$1,000,000.

Since the PTAB has determined that a reduction in the subject's assessment is warranted based upon a market value argument, the PTAB finds no need to address the board of review's equity argument.

Since the market value of the subject has been established, the Department of Revenue's 2004 three-year median level of assessments for Cook County Class 2 property of 9.99% will apply.

In applying, the Department of Revenue's median level of assessment for class 2 properties in Cook County of 9.99% for tax year 2004, the subject's total assessment should not be in excess of \$99,900, while the subject's current total assessment is at \$114,330.

As a result of this analysis, the PTAB finds that the appellant has adequately demonstrated that the subject property was overvalued and that a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
