

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Kate Sirkin
DOCKET NO.: 04-28360.001-R-1
PARCEL NO.: 14-32-403-040-0000
TOWNSHIP: North

The parties of record before the Property Tax Appeal Board (PTAB) are Kate Sirkin, the appellant, by attorney Arnold G. Siegel of Chicago and the Cook County Board of Review (board).

The subject property consists of a seven-year-old, two-story single-family dwelling of masonry construction containing 3,369 square feet of living area and located in North Township, Cook County. The residence contains two and one-half bathrooms, no basement, air conditioning, a fireplace and a two-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered six suggested comparable properties located within a half mile of the subject. These properties consist of two or three-story single-family dwellings of masonry construction and range in age from 13 to 24 years. The comparables have two or three bathrooms with half-baths and one property has a full basement. The homes have air-conditioning, fireplaces and all have one, two or three-car garages. The comparables contain between 3,032 and 3,553 square feet of living area and have improvement assessments ranging from \$65,156 to \$98,640 or from \$21.49 to \$28.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$142,400, or \$42.27 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered three suggested comparable properties located within a quarter mile of the subject. The comparables consist of two-story single-family dwellings of masonry construction and range in age from nine to 18 years. The comparables contain two or three bathrooms with some half-baths, with finished full or partial basements; all have air conditioning, fireplaces and all have two-car garages. The comparables range in size from 2,190 to 2,294 square feet of

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 17,600
IMPR. \$ 94,400
TOTAL: \$112,000

living area and have improvement assessments of between \$96,896 and \$109,972 or from \$42.27 to \$48.66 per square foot of living area. The board disclosed the subject was purchased in December 2002 for \$1,600,000. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has overcome this burden.

The PTAB finds the appellant's comparables are the comparables most similar to the subject but with some consideration for differences in age. These properties have improvement assessments ranging from \$21.49 to \$28.00 per square foot of living area. The subject's per square foot improvement assessment of \$42.27 is above this range of properties. The PTAB gives less weight to the board's comparables because they are less similar to the subject in living area. After considering the recent purchase price and the suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is sufficient to effect a change in the subject's assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has adequately demonstrated that the subject dwelling was inequitably assessed by clear and convincing evidence and a reduction is warranted.

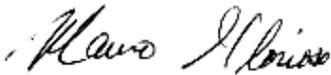

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
