

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Gloria Kennedy  
DOCKET NO.: 05-20025.001-R-1  
PARCEL NO.: 10-13-220-018

The parties of record before the Property Tax Appeal Board (hereinafter PTAB) are Gloria Kennedy, the appellant, by Attorney Julie Realmuto of McCarthy & Duffy, in Chicago; and the Cook County Board of Review.

The subject property is improved with a 79-year old, two-story, frame dwelling containing 1,584 square feet of living area with a full, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties improved with a two-story, frame dwelling for consideration. These comparables range: in age from 78 to 98 years; in size from 1,328 to 1,792 square feet of living area; and in improvement assessments from \$9.21 to \$12.74 per square foot of living area. The subject's improvement assessment is \$15.31 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties improved with a two-story, masonry or stucco dwelling for consideration. The comparables range: in age from 81 to 106 years; in size from 1,232 to 1,586 square feet of living area; and in improvement assessments from \$15.26 to \$16.09 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The PTAB further finds a reduction in the subject's assessment is not warranted.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	2,808
IMPR.:	\$	24,244
TOTAL:	\$	27,052

Subject only to the State multiplier as applicable.

PTAB/KPP

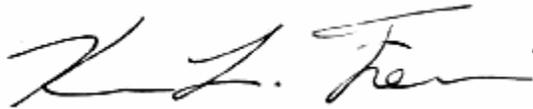

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The PTAB finds the comparables #2 and #4 submitted by the appellant and comparables #1 and #4 submitted by the board of review were most similar to the subject in size, design, age, and/or exterior construction. Due to their similarities to the subject, these comparables received the most weight in the PTAB's analysis. These comparables had improvement assessments that ranged from \$9.90 to \$15.79 per square foot of living area. The subject's improvement assessment of \$15.31 per square foot of living area is within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the PTAB finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
