

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Samuele Digangi  
DOCKET NO.: 05-20040.001-R-1  
PARCEL NO.: 12-13-409-019-0000

The parties of record before the Property Tax Appeal Board are Samuele Digangi, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with an 32-year old, one-story style dwelling of masonry construction containing 1,248 square feet of living area with a full, finished basement, one full bath, air conditioning and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story masonry dwellings that are from 49 and 51 years old for consideration. Located in the same neighborhood as the subject, the comparables contain from 1,240 to 1,549 square feet of living area and have improvement assessments ranging from \$9.72 to \$12.2 per square foot of living area. The subject's improvement assessment is \$26,308 or \$21.08 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of one-story masonry dwellings that range in age from 33 to 37 years old. The dwellings are located within the same neighborhood code as the subject property. The dwellings range in size from 1,190 to 12.48 per square feet of living area and have improvement assessments ranging from \$21.09 to \$21.91 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	4,349
IMPR.:	\$	26,308
TOTAL:	\$	30,657

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Property Tax Appeal Board finds the comparables submitted by the board of review were most similar to the subject in size, design, age, exterior construction, location and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$21.09 to \$21.91 per square foot of living area. The subject's improvement assessment of \$21.08 per square foot of living area is slightly below the range established by the properties found the most similar. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
