

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: William Stuart  
DOCKET NO.: 05-20057.001-R-1  
PARCEL NO.: 11-19-203-010-0000

The parties of record before the Property Tax Appeal Board are William Stuart, the appellant, by attorney Julie Realmuto with the law firm of McCarthy & Duffy, Chicago, and the Cook County Board of Review.

The subject property is improved with a 68-year-old, two-story style dwelling of masonry construction containing 2,554 square feet of living area with three full bathrooms, a full-unfinished basement, air-conditioning, a fireplace and a one-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story, masonry dwellings with the same neighborhood code as the subject for consideration. The comparables range in size from 2,982 to 3,110 square feet of living area and range in age from 78 to 91 years. They have improvement assessments ranging from \$18.78 to \$21.94 per square foot of living area. The subject's improvement assessment is \$61,451 or \$24.06 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story, masonry or frame and masonry dwellings with the same classification and neighborhood code as the subject property. The improvements range in size from 1,848 to 3,840 square feet of living area and range in age from 63 to 83 years. They have improvement assessments ranging from \$21.54 to \$28.03 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 14,575  
IMPR.: \$ 61,451  
TOTAL: \$ 76,026

Subject only to the State multiplier as applicable.

PTAB/rfd7065

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the board's comparables one and two are the most similar properties to the subject to carry weight. The remaining comparables differ from the subject in size of living area, age and/or amenities and the Board gives these properties less weight. The two similar properties have improvement assessments of \$24.54 and \$28.03 per square foot of living area. The subject's per square foot improvement assessment of \$24.06 is below these properties. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject, the Board finds the evidence submitted is insufficient to effect a change in the subject's assessment.

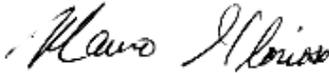

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
