

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Amerigas Propane, LP  
DOCKET NO.: 05-20415.001-I-1  
PARCEL NO.: 16-34-301-003-0000

The parties of record before the Property Tax Appeal Board are Amerigas Propane, LP, the appellant, by attorney Patrick C. Doody of Golan & Christie, LLP, Chicago; and the Cook County Board of Review.

The subject property consists of three industrial buildings containing 11,050 square feet of total building area. The buildings are one-story structures that range in size from 1,200 to 8,050 square feet of building area. The building improvements were constructed in 1960. The improvements are located on a site that contains 169,456 square feet in Cicero, Cicero Township, Cook County.

The appellant in this appeal contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of this argument the appellant submitted a narrative appraisal estimating the subject property had a market value of \$600,000 as of January 1, 2004. The appellant also submitted a copy of the board of review final decision wherein its final assessment of the subject totaling \$274,995 was disclosed. The subject's assessment reflects a market value of \$763,875 using the 36% level of assessment for Cook County Real Property Assessment Classification Ordinance class 5B industrial property. Based on this evidence the appellant requested the subject's assessment be reduced to reflect the appraised value.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	106,757
IMPR.:	\$	109,243
TOTAL:	\$	216,000

Subject only to the State multiplier as applicable.

The board of review did not submit its "Board of Review Notes on Appeal" nor any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3<sup>rd</sup> Dist. 2002). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant submitted an appraisal estimating the subject property had a market value of \$600,000 as of January 1, 2004. The subject's assessment reflects a market value of \$763,875, which is greater than the appraised value. The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by Section 1910.40(a) of the Official Rules of the Property Tax Appeal Board. Based on the evidence in this record the Property Tax Appeal Board finds the subject property had a market value of \$600,000 as of January 1, 2005. Since market value has been determined the 36% level of assessment for Cook County Real Property Assessment Classification Ordinance for class 5B industrial property shall apply. (86 Ill.Admin.Code 1910.50(c)(3)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
