

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Clive Thai  
DOCKET NO.: 05-20536.001-R-1  
PARCEL NO.: 15-36-200-051-0000

The parties of record before the Property Tax Appeal Board are Clive Thai, the appellant, by attorney Gary Smith of Chicago and the Cook County Board of Review.

The subject property consists of a 78-year-old, one and one-half story style single-family dwelling of stucco construction containing 1,825 square feet of living area and located in Riverside Township, Cook County. The subject improvement contains a full, finished basement, one and one-half baths, and a two-car garage.

The appellant, through counsel, submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered a spreadsheet detailing seven suggested comparable properties located in the same coded assessment neighborhood as the subject. These properties consist of one-story style single-family dwellings of frame, stucco, or frame and masonry construction from 76 to 93 years old. The comparable dwellings contain from one to two and one-half baths, and have garages. The comparables range in size from 1,803 to 2,270 square feet of living area and have improvement assessments ranging from \$14.47 to \$17.95 per square foot of living area. A copy of the subject's 2005 board of review final decision was also included. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$34,322 or \$18.81 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered property characteristic sheets and a spreadsheet detailing two suggested comparable properties located in the same coded assessment neighborhood as the subject. The comparables consist of 83 and 89 year old, one and one-half story style single-family dwellings of stucco construction containing 2,007

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,614  
IMPR.: \$ 27,000  
TOTAL: \$ 33,614

Subject only to the State multiplier as applicable.

and 1,497 square feet of living area. Both of the comparables contain full, unfinished basements and have garages. These properties have improvement assessments ranging of \$19.52 and \$20.09 per square foot of living area, respectively. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

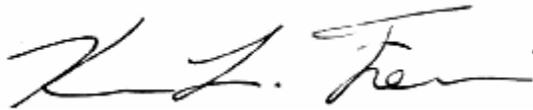

The Property Tax Appeal Board finds that the parties submitted nine properties as comparable to the subject. The Board overall the appellant's comparables are the most similar to the subject in the record. These properties have improvement assessments ranging from \$14.47 to \$17.95 per square foot of living area. The subject's per square foot improvement assessment of \$18.81 is the range established by these properties. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject property, the Board finds the subject's per square foot improvement assessment is not supported by the properties contained in the record.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
