

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Oronzo Rosa DeNigris
DOCKET NO.: 05-20582.001-R-1
PARCEL NO.: 12-11-409-010-0000

The parties of record before the Property Tax Appeal Board are Oronzo Rosa DeNigris, the appellant(s), by attorney Stephanie Park, of Stephanie Park, P.C. of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 12,435
IMPR.: \$ 61,751
TOTAL: \$ 74,186

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a one-year-old, two-story style single-family dwelling of masonry construction. Containing 4,359 square feet of living area, the subject features three and one-half baths, a full, finished basement, air conditioning, a fireplace and a three-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story dwellings of stucco or masonry construction that are from two to ten years old for consideration. The comparables contain from 3,961 to 4,915 square feet of living area and feature two or three full baths, half baths, basements, air conditioning, and garages; three also have fireplaces. The improvement assessments range from \$960 to \$11.59 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The subject's improvement assessment is \$14.17 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties consisting of one year old, two-story masonry dwellings. The dwellings feature two or three full baths, half baths, full basements, central air conditioning, fireplaces and garages. The dwellings range in size from 3,336 to 4,670 square feet of living area and have improvement assessments ranging from \$10.89 to \$16.97 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Property Tax Appeal Board finds the comparables submitted by both parties were similar to the subject in design, exterior construction, location and/or age. These comparables had improvement assessments that ranged from \$9.60 to \$16.97 per square foot of living area. The subject's improvement assessment of \$14.17 per square foot of living area is within the range established by these properties. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.
