

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Raymond Tarallo
DOCKET NO.: 05-21167.001-R-1
PARCEL NO.: 02-21-200-011

The parties of record before the Property Tax Appeal Board are Raymond Tarallo, the appellant, by attorney Julie Realmuto of the law firm of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 7-year old, two-story style dwelling of frame construction containing 3,538 square feet of living area with a full unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted three comparable properties described as two-story frame or frame and masonry dwellings located in the same neighborhood as the subject that are between one and 58 years old for consideration. The comparables contain from 2,476 to 3,588 square feet of living area and have improvement assessments ranging from \$5.84 to \$8.67 per square foot. The subject's improvement assessment is \$11.32 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented three comparable properties located in the same neighborhood as the subject consisting of two-story frame dwellings that are five to seven years old. The dwellings range from 3,144 to 3,622 square feet and have improvement assessments of \$11.27 to \$11.39 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR.: \$ 40,067
TOTAL: \$ 55,719

disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds that the most similar comparables are the board's comparables one and two and the appellant's comparable two. The range established by the most similar comparables contained in this record is \$6.79 to \$11.39 per square foot of living area. The subject's \$11.32 per square foot of living area is within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.
