

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Christian Jacobs  
DOCKET NO.: 05-21186.001-R-1  
PARCEL NO.: 02-30-105-009-0000

The parties of record before the Property Tax Appeal Board are Christian Jacobs, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 22-year old, two-story style dwelling of masonry construction containing 2,450 square feet of living area with a full, unfinished basement, two and one-half baths, air conditioning, and a fireplace.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described two-story frame or masonry dwellings that are from 20 to 36 years old for consideration. Located in the same assessment neighborhood as the subject, the comparables contain from 2,546 to 3,036 square feet of living area and have improvement assessments ranging from \$1.18 to \$11.21 per square foot of living area. The subject's improvement assessment is \$13.49 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of two-story masonry or frame and masonry dwellings that range in age from 24 to 25 years old. The dwellings are located in the same assessment neighborhood as the subject. The dwellings range in size from 2,267 to 2,440 square feet of living area and have improvement assessments ranging from \$13.91 to \$14.55 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,154  
IMPR.: \$33,046  
TOTAL: \$41,200

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Property Tax Appeal Board finds the comparables submitted by the board of review were most similar to the subject in design, size, exterior construction, location, amenities and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$13.91 to \$14.55 per square foot of living area. The subject's improvement assessment of \$13.49 per square foot of living area is below the range established by these properties. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
