

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Skender Durakovic  
DOCKET NO.: 05-21257.001-R-1  
PARCEL NO.: 10-16-108-060-0000

The parties of record before the Property Tax Appeal Board are Skender Durakovic, the appellant, by attorney Julie Realmuto with the law firm of McCarthy & Duffy, Chicago, and the Cook County Board of Review.

The subject property is improved with a 15-year-old, two-story style dwelling of masonry construction containing 3,197 square feet of living area with two full bathrooms, two half-baths, a full-unfinished basement, air-conditioning, a fireplace and a two and one-half car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story, one-year-old, masonry dwellings with the same neighborhood code as the subject. The comparables contain from 3,007 to 3,608 square feet of living area and have improvement assessments ranging from \$2.27 to \$9.72 per square foot of living area. The subject's improvement assessment is \$48,593 or \$15.20 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of two-story masonry dwellings that range in age from 47 to 50 years. The comparables have the same classification and neighborhood codes as the subject property. The dwellings range in size from 2,064 to 2,348 square feet of living area and have improvement assessments ranging from \$15.82 to \$16.05 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment. After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR.: \$ 48,593  
TOTAL: \$ 55,011

parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

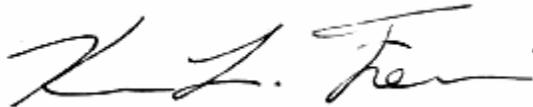

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparables to be the most similar properties to the subject in improvement size, design, amenities, exterior construction and/or location. Due to these similarities to the subject, these comparables received the most weight in the Board's analysis. However, the comparables are only one-year-old properties and appear to have partial assessments due to new construction. Unfortunately, the appellant failed to provide the property characteristic printouts for these properties. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the evidence submitted is insufficient to effect a change in the subject's assessment and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
