

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Manoj Shah  
DOCKET NO.: 05-21599.001-R-1  
PARCEL NO.: 09-15-214-091-0000

The parties of record before the Property Tax Appeal Board are Manoj Shah, the appellant, by attorney Julie Realmuto with the law firm of McCarthy & Duffy, Chicago, and the Cook County Board of Review.

The subject property is improved with a 37-year-old, two-story style dwelling of frame and masonry construction containing 1,510 square feet of living area with one and one-half bathrooms, a partial-unfinished basement, air-conditioning and a one-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame and masonry dwellings that are from 41 and 43 years old for consideration. The comparables contain 1,632 square feet of living area and have improvement assessments ranging from \$7.49 to \$8.15 per square foot of living area. The subject's improvement assessment is \$18,421 or \$12.20 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story, 1,652 or 2,128 square foot, 13 or 14-year-old, masonry or frame dwellings with the same classification and neighborhood codes as the subject property. The comparables have improvement assessments ranging from \$12.15 to \$15.13 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,809  
IMPR.: \$ 18,421  
TOTAL: \$ 22,230

parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

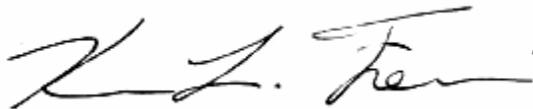

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparables and the board of review's comparables two, three and four to be the most similar properties to the subject in improvement size, amenities, location and/or design. These comparables had improvement assessments that ranged from \$7.49 to \$15.13 per square foot of living area. The subject's improvement assessment of \$12.20 per square foot of living area is within this range. The board's remaining comparable is accorded less weight because it differs from the subject in improvement size. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
