

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Trevor Clements
DOCKET NO.: 05-21611.001-R-1
PARCEL NO.: 09-12-428-011-0000

The parties of record before the Property Tax Appeal Board are Trevor Clements, the appellant, by attorney Julie Realmuto with the law firm of McCarthy & Duffy, Chicago, and the Cook County Board of Review.

The subject property is improved with a 53-year-old, two-story style dwelling of frame construction containing 1,469 square feet of living area with one and one-half bathrooms, air-conditioning and a one-car detached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame or frame and masonry dwellings that are from 43 and 50 years old for consideration. The comparables contain from 1,539 to 1,683 square feet of living area and have improvement assessments ranging from \$12.93 to \$13.37 per square foot of living area. The subject's improvement assessment is \$24,332 or \$16.56 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story, frame dwellings that range in age from 49 to 54 years. The comparables have the same classification and neighborhood codes as the subject property. The dwellings range in size from 1,242 to 1,488 square feet of living area and have improvement assessments ranging from \$17.27 to \$17.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,670
IMPR.: \$ 24,332
TOTAL: \$ 32,002

Subject only to the State multiplier as applicable.

PTAB/rfd6066

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

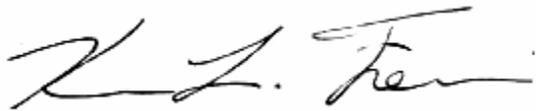

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by both parties are similar to the subject in improvement size, age, design, amenities and/or location. These comparables had improvement assessments that ranged from \$12.93 to \$17.83 per square foot of living area. The subject's improvement assessment of \$16.56 per square foot of living area is within this range. In addition, the subject's per square foot improvement assessment is lower than four of the seven properties offered for comparison. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
