

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: John Kirpanos  
DOCKET NO.: 05-21613.001-R-1  
PARCEL NO.: 09-27-306-056-0000

The parties of record before the Property Tax Appeal Board are John Kirpanos, the appellant, by attorney Julie Realmuto of the law firm of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 46-year old, single-story, single-family, residential dwelling of frame and masonry construction containing 2,028 square feet of living area with a basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as single-story, single-family residential dwellings of frame and masonry or masonry construction that range in age from 35 to 53 years old for consideration. The appellant also submitted a brief in support of the requested reduction and pictures of the subject and the comparables. The comparables range in size from 1,823 to 2,495 square feet of living area and have improvement assessments that range from \$13.64 to \$15.87 per square foot of living area. The subject's improvement assessment is \$26.86 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review did not present descriptions and assessment information for any suggested comparable properties. Rather, the board merely included a note in the files that stated "none available." Based upon this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	11,525
IMPR.:	\$	29,102
TOTAL:	\$	40,627

Subject only to the State multiplier as applicable.

parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

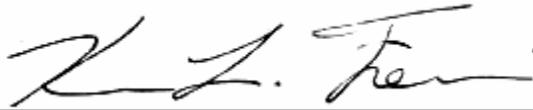

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the comparables submitted by the appellant, as the only evidence proffered, were most similar to the subject on the bases of size of living area, construction, age, and amenities. These comparables had improvement assessments that ranged from \$13.64 to \$15.87 per square foot of living area. The subject's improvement assessment of \$26.86 per square foot of living area is above this range. After considering adjustments and the differences in the comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
