

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Marc Jensen
DOCKET NO.: 05-22393.001-R-1
PARCEL NO.: 03-34-408-021-0000

The parties of record before the Property Tax Appeal Board are Marc Jensen, the appellant and the Cook County Board of Review.

The subject property consists of a 51-year-old, one-story single-family dwelling of frame construction containing 1,088 square feet of living area and located in Wheeling Township, Cook County. The residence contains one bathroom, a full basement, air conditioning and no garage.

The appellant submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered three suggested comparable properties located within two blocks of the subject. These properties consist of one-story single-family dwellings of masonry or frame construction and range in age from 50 to 82 years. The comparables have one, one and one half or two bathrooms and two have full basements. One home is air-conditioned and all have one-car garages. The comparables contain between 1,296 and 1,338 square feet of living area and have improvement assessments ranging from \$18,740 to \$19,700 or from \$14.13 to \$15.17 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$16,951, or \$15.58 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered three suggested comparable properties located within a quarter mile of the subject. The comparables consist of one-story single-family dwellings of frame construction and range in age from 46 to 51 years. The comparables contain one bathroom, full or partial basements, two have air conditioning and all have one or two-car

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,472
IMPR. \$16,951
TOTAL: \$22,423

Subject only to the State multiplier as applicable.

garages. The comparables range in size from 1,064 to 1,152 square feet of living area and have improvement assessments of between \$19,176 and \$20,233 or from \$17.56 to \$18.29 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

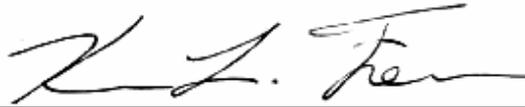

The PTAB finds the board's comparables are very similar to the subject with some very small differences in living area. These properties have improvement assessments ranging from \$17.56 to \$18.29 per square foot of living area. The subject's per square foot improvement assessment of \$15.58 is below this range of properties. The PTAB affords less weight to the appellant's comparables because they are less similar to the subject in living area. After considering the similarities and differences in the suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
