

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joe Smerigilio
DOCKET NO.: 05-22596.001-R-1
PARCEL NO.: 12-02-114-054-0000

The parties of record before the Property Tax Appeal Board are Joe Smerigilio, the appellant(s), by attorney Stephanie Park, of Stephanie Park, P.C. of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,063
IMPR.: \$ 36,700
TOTAL: \$ 44,763

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 21-year-old, one-story style single-family dwelling of masonry construction. Containing 2,040 square feet of living area, the subject features two full baths, a full, unfinished basement, air conditioning, a fireplace and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story masonry dwellings that are from 21 to 50 years old for consideration. The comparables contain from 1,972 to 2,154 square feet of living area and feature two full baths, basements, central air conditioning, fireplaces and garages. The improvement assessments range from \$17.71 to \$18.24 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The subject's improvement assessment is \$20.97 per square foot of living area. The board of review presented descriptions and assessment information on three comparable properties consisting of one-story masonry dwellings that range in age from 21 to 39 years old. The dwellings feature two or two and one-half baths, basements, and garages; two also are centrally air conditioned and have fireplaces. The dwellings range in size from 1,802 to 1,966 square feet of living area and have improvement assessments ranging from \$20.03 to \$21.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Property Tax Appeal Board finds the comparables submitted by the appellant were most similar to the subject in size, design, exterior construction, location and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$17.71 to \$18.24 per square foot of living area. The subject's improvement assessment of \$20.97 per square foot of living area is above the range established by these properties. The Board finds that the board of review's comparables are less similar in size and/or amenities and accords these properties diminished weight. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is warranted.
