

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lieba Goldman
DOCKET NO.: 05-23033.001-R-1
PARCEL NO.: 04-07-212-023-0000

The parties of record before the Property Tax Appeal Board are Lieba Goldman, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 13,440
IMPR.: \$ 43,048
TOTAL: \$ 56,488

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property contains 14,000 square foot parcel improved with a 20-year old, two-story, frame and masonry dwelling. The improvement contains 2,696 square feet of living area as well as two full and one-half baths, a partial basement, one fireplace and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted assessment data and descriptions on four comparable properties for consideration. They are improved with a two-story, frame or frame and masonry dwelling. They range: in age from 26 to 37 years; in size from 3,144 to 3,274 square feet of living area; and in improvement assessments from \$9.25 to \$12.46 per square foot of living area. Amenities include three baths as well as basement area. The subject's improvement assessment is \$15.97 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties for consideration. They are improved with a two-story, frame and masonry, single-family dwelling. They range: in age from 21 to 25 years; in size from 2,726 to 3,050 square feet of living area; and in improvement assessments from \$16.95 to \$17.41 per square foot of living area. Amenities include a multi-car garage and basement area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The PTAB further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The PTAB finds the comparables #1 through #3 submitted by the board of review are most similar to the subject in style, size, age and amenities. Due to their similarities to the subject, these comparables received the most weight in the PTAB's analysis. These comparables had improvement assessments that ranged from \$16.95 to \$17.41 per square foot of living area. The subject's improvement assessment of \$15.97 per square foot of living area is below this range.

After considering adjustments and the differences in both parties' comparables when compared to the subject, the PTAB finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
