

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Mike McNamara
DOCKET NO.: 05-23815.001-R-1
PARCEL NO.: 18-04-318-015-0000

The parties of record before the Property Tax Appeal Board are Mike McNamara, the appellant, by attorney Rusty A. Payton of the Law Offices of Rusty A. Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 92-year old, two-story style dwelling of stucco construction containing 2,247 square feet of living area with a full, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration seven comparable properties. The four comparables listed on the appellant's grid analysis are described as two-story frame or stucco dwellings and are between 97 and 142 years old. However, the age and physical characteristics of the other three comparables were not disclosed. The comparables contain from 2,290 to 2,782 square feet and have improvement assessments of \$18.17 to \$20.67 per square foot. The subject's improvement assessment is \$28.66 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented one comparable property consisting of a two-story frame dwelling that is 113 years old. The dwelling contains 2,356 square feet of living area and has an improvement assessment of \$26.21 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	7,289
IMPR.:	\$	51,681
TOTAL:	\$	58,970

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

The Board finds the range established by the most similar comparables contained in this record is \$18.17 to \$26.21 per square foot of living area. The subject's improvement assessment of \$28.66 per square foot of living area falls above this range. The appellant's comparables and the one comparable submitted by the board of review are all similar to the subject in age, location, and most physical characteristics. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported, and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
