

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harry Psarros
DOCKET NO.: 05-23963.001-R-1
PARCEL NO.: 08-09-200-011-0000

The parties of record before the Property Tax Appeal Board are Harry Psarros, the appellant(s), by attorney Julie Realmuto, of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,776
IMPR.: \$ 18,312
TOTAL: \$ 26,088

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property contains a 16,200 square foot land parcel improved with a four-year old, one-story, frame dwelling containing 1,443 square feet of living area as well as one full bath and a full basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted assessment data and descriptions on three comparable properties for consideration. They are improved with a two-story, masonry or frame and masonry dwelling. They range: in baths from one to three; in age from 32 to 51 years; in size from 1,500 to 1,762 square feet of living area; and in improvement assessments from \$12.10 to \$13.97 per square foot of living area. The subject's improvement assessment is \$46.33 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented a description and assessment information on the subject property. In addition, the pleadings reflect that the subject sold in August, 2002, for the price of \$774,630. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The PTAB further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

The PTAB finds the comparables submitted by the appellant are most similar to the subject in style, size, age and amenities. Due to their similarities to the subject, these comparables received the most weight in the PTAB's analysis. These comparables had improvement assessments that ranged from \$12.10 to \$13.97 per square foot of living area. The subject's improvement assessment of \$46.33 per square foot of living area is above this range.

The PTAB accords less weight to the board of review's notation regarding the subject's sale in August, 2002, due to an absence of supporting documentation regarding the arm's length nature of the transaction. Further, the PTAB finds that the board of review failed to proffer any equity comparables in support of the subject's assessment.

After considering adjustments and the differences in both parties' comparables when compared to the subject, the PTAB finds the subject's per square foot improvement assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
