

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arnold Goldstein  
DOCKET NO.: 05-23996.001-R-1  
PARCEL NO.: 05-06-402-010-0000

The parties of record before the Property Tax Appeal Board are Arnold Goldstein, the appellant, by attorney Julie Realmuto, of McCarthy Duffy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 43,456  
IMPR.:    \$ 75,035  
TOTAL:    \$ 118,491**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a 19,400 square foot land parcel improved with a 93-year old, two-story, frame, single-family dwelling. The improvement contains 3,782 square feet of living area with a full basement, three full and one half-baths, one fireplace, and a one and one-half car garage.

The appellant's attorney argued that there was unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment data for four suggested comparables. The properties were improved with a two-story, single-family dwelling of frame or stucco exterior construction. They range: in age from 81 to 113 years; in size from 3,317 to 4,691 square feet of living area; and in improvement assessments from \$0.97 to \$16.11 per square foot. Amenities include basement area and a fireplace. The subject's improvement assessment is \$19.84 per square foot of living area. Based upon this analysis, the appellant requested a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$118,491. The board of review submitted property characteristic printouts for the subject and three suggested comparables. The properties are improved with a two-story, frame, single-family dwelling. They range: in age from 83 to 112 years; in size from 3,129 to 3,725 square feet; and in improvement assessments from \$21.61 to \$27.38 per square foot. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the record as well as reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the data, the Board finds the appellant has not met this burden.

The Board further finds that comparables #1 and #4 submitted by the appellant as well as comparable #1 submitted by the board of review are most similar to the subject in exterior construction, style, and size. In analysis, the Board accorded most weight to these comparables. These comparables ranged in improvement assessments from \$0.97 to \$21.61 per square foot of building area. The subject's improvement assessment at \$19.84 per square foot is within the range established by these comparables.

As a result of this analysis, the Board finds the appellant has not adequately demonstrated that the subject dwelling was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
