

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Tony Lu  
DOCKET NO.: 05-24129.001-R-1  
PARCEL NO.: 17-17-104-023-0000

The parties of record before the Property Tax Appeal Board are Tony Lu, the appellant, and the Cook County Board of Review.

The subject property is a 944 square foot parcel improved with a 4 year-old, three-story masonry townhome that contains 2,373 square feet of living area. The property is located in Chicago, West Chicago Township, Cook County.

The appellant in this appeal submitted documentation to demonstrate that the subject property was being inequitably assessed. The appellant submitted a grid analysis of four comparables. The comparables are improved with three-story masonry dwellings that each contain 2,373 square feet of living area and have improvement assessments ranging from \$40,222 to \$52,101 or from \$16.95 to \$21.96 per square foot of living area. The appellant also submitted the final decision issued by the Cook County Board of Review wherein the subject's total assessment of \$52,914 was disclosed. The appellant indicated the subject had an improvement assessment of \$52,159 or \$21.98 per square foot of living area. Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$43,158 or \$18.19 per square foot of living area.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

|        |    |        |
|--------|----|--------|
| LAND:  | \$ | 755    |
| IMPR.: | \$ | 43,158 |
| TOTAL: | \$ | 43,913 |

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

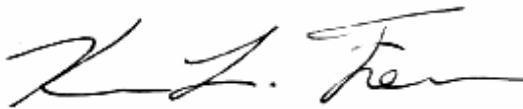

The appellant argued assessment inequity in the subject's improvement assessment. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data the Board finds a reduction is warranted.

The Board finds the only evidence pertaining to the uniformity of the subject's improvement assessment was submitted by the appellant. The appellant provided four comparables that each contain 2,373 square feet of living area and had improvement assessments ranging from \$40,222 to \$52,101 or from \$16.95 to \$21.96 per square foot of living area. The appellant's evidence disclosed the subject had an improvement assessment of \$52,159 or \$21.98 per square foot of living area, which is above the range established by the comparables. The board of review did not submit any evidence in support of its assessment of the subject property or to refute the evidence presented by the appellant as required by section 1910.40(a) of the rules of the Property Tax Appeal Board. The Board has examined the information submitted by the appellant and finds, based on this evidence that was not refuted, a reduction in the assessed valuation of the subject property's improvement is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
