

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Marco Pellini  
DOCKET NO.: 05-24636.001-R-1  
PARCEL NO.: 05-06-406-035-0000

The parties of record before the Property Tax Appeal Board are Marco Pellini, the appellant, by attorney Mitchell L. Klein of Schiller, Klein & McElroy, P.C., Chicago, and the Cook County Board of Review.

The subject property consists of a 10,200 square foot parcel improved with a four-year-old, two-story style single-family dwelling of masonry construction. Containing 3,096 square feet of living area, the subject features two and one-half baths, a full unfinished basement, air conditioning, two fireplaces and a two-car garage. The subject is located in New Trier Township, Cook County.

The appellant, through counsel, appeared before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered a spreadsheet detailing three suggested comparable properties located in the same coded assessment neighborhood as the subject. These properties consist of two-story style single-family dwellings of stucco, masonry or frame and masonry construction from four to nine years old. The comparables range in size from 3,047 to 3,053 square feet of living area featuring two or three full baths; half baths; full or partial basements, finished or unfinished; air conditioning, one, two or three fireplaces; and two-car garages. The comparables have improvement assessments ranging from \$22.77 to \$28.65 per square foot of living area. A copy of the subject's 2005 board of review final decision was also included. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$152,552, or \$49.27 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered property characteristic sheets and a description

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	26,928
IMPR.:	\$	88,700
TOTAL:	\$	115,628

Subject only to the State multiplier as applicable.

of the subject. The board of review did not offer evidence of dwellings comparable to the subject. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

The Property Tax Appeal Board finds that the appellant submitted three properties as comparable to the subject. Additionally, the Board finds that the board of review failed to submit any evidence in support of its assessment. The appellant's comparable properties have improvement assessments ranging from \$22.77 to \$28.65 per square foot of living area. The Board finds that the subject's per square foot improvement assessment of \$49.28 is substantially above the range established by these properties. After considering adjustments and the differences in suggested comparables when compared to the subject property, the Board finds the subject's per square foot improvement assessment is not supported by the properties contained in the record.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has adequately demonstrated that the subject dwelling was inequitably assessed by clear and convincing evidence and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
