

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Julio Gesklin
DOCKET NO.: 05-25215.001-R-1
PARCEL NO.: 05-06-201-046-0000

The parties of record before the Property Tax Appeal Board are Julio Gesklin, the appellant, by attorney Mitchell Klein of the law firm of Schiller, Klein & McElroy, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 44-year old, single-family, residential dwelling of frame and masonry construction containing 3,426 square feet of living area with a full basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as single-family residential masonry or frame and masonry dwellings that range in age from 41 to 45 years old for consideration. The comparables range in size from 2,901 to 3,254 square feet of living area and have improvement assessments ranging from \$15.64 to \$19.03 per square foot of living area. The subject's improvement assessment is \$16.49 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information for three comparable properties. The properties are single-family residential dwellings, ranging in age from 41 to 45 years and their assessment per square foot of living area ranges from \$18.90 to \$19.19 based upon a square footage of living area that ranges from 2,581 to 3,254. Based upon this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 42,367
IMPR.: \$ 56,488
TOTAL: \$ 98,855

Subject only to the State multiplier as applicable.

parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

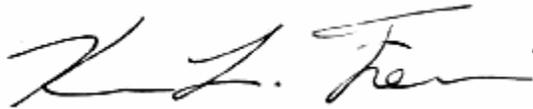

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the appellant as comparables one and two and the board's comparables one were the most similar to the subject on the bases of size of living area, age and construction. These comparables had improvement assessments that ranged from \$15.64 to \$18.91 per square foot of living area. The subject's improvement assessment of \$16.49 per square foot of living area is within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
