

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Galioto
DOCKET NO.: 05-25493.001-R-1
PARCEL NO.: 05-27-112-005-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Galioto, the appellant, by attorney Mary T. Nicolau of Smith, Davies and Nicolau of Chicago and the Cook County Board of Review (board).

The subject property consists of a one-year-old, two-story single-family dwelling of masonry construction containing 4,720 square feet of living area and located in New Trier Township, Cook County. The residence contains three and one-half bathrooms, a full finished basement, air conditioning, fireplaces and a two-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered four suggested comparable properties located within a quarter mile of the subject. These properties consist of two-story single-family dwellings of masonry, stucco or frame and masonry construction and range in age from one to 41 years. The comparables have two, three or four bathrooms with half-baths and full or partial basements, two finished. Three homes are air-conditioned and all have fireplaces and two or four-car garages. The comparables contain between 4,440 and 4,935 square feet of living area and have improvement assessments ranging from \$154,400 to \$191,783 or from \$22.27 to \$33.24 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final full improvement assessment of \$235,171, or \$49.82 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered two suggested comparable properties located within a quarter mile of the subject. The comparables consist of two-story single-family dwellings of masonry construction and are one year old. The comparables contain three full and two half bathrooms, with full basements, one finished; both have air conditioning, fireplaces

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 37,841
IMPR. \$235,171
TOTAL: \$273,012

Subject only to the State multiplier as applicable.

and have two-car garages. The comparables contain 4,048 and 4,077 square feet of living area and have full improvement assessments of \$205,148 and \$259,564 or \$50.32 and \$64.12 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

The PTAB finds the board's two comparables and the appellant's comparable three are the comparables most similar to the subject. These properties have improvement assessments ranging from \$29.33 to \$64.12 per square foot of living area. The subject's per square foot improvement assessment of \$49.82 is within this range of properties. The PTAB gives less weight to the appellant's comparables two and four because they are less similar to the subject in age and construction and less weight to comparable one because it contains a partial occupancy factor. The full occupancy figure was not submitted. After considering the suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

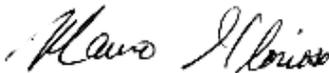

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
