

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dwarka Taparia  
DOCKET NO.: 05-26127.001-R-1  
PARCEL NO.: 18-19-102-006-0000

The parties of record before the Property Tax Appeal Board are Dwarka Taparia, the appellant(s), by attorney Edward Larkin, of Larkin & Larkin of Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 21,483  
**IMPR.:** \$ 88,089  
**TOTAL:** \$ 109,572

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a 13-year old, two-story style dwelling of masonry construction containing 4,989 square feet of living area with a full, unfinished basement, central air conditioning, two fireplaces, and a four-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story masonry dwellings that are from 13 and 38 years old for consideration. The comparables contain from 4,215 to 4,593 square feet of living area and have improvement assessments ranging from \$12.30 to \$13.96 per square foot of living area. The subject's improvement assessment is \$88,089 or \$17.66 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of two-story masonry dwellings that range in age from 16 to 18 years old. The dwellings feature full, unfinished basements, central air conditioning, fireplaces and three car garages. The dwellings range in size from 4,673 to 4,825 square feet of living area and have improvement assessments ranging from \$1792 to \$18.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Property Tax Appeal Board finds that all of the comparables submitted the parties were similar to the subject in design, exterior construction, location and amenities. Further the board finds that two of the improvements are inferior in age; and all of the comparables are slightly inferior in size when compared to the subject. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment of \$17.65 is and should be toward the middle of the range of the comparables. Therefore, the Property Tax Appeal Board finds that the subject's improvement assessment is supported and a reduction in the subject's assessment is not warranted.

Lbs/09.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
