

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan B. Reardon
DOCKET NO.: 05-26147.001-R-1
PARCEL NO.: 18-04-308-023-0000

The parties of record before the Property Tax Appeal Board are Susan B. Reardon, the appellant(s), by attorney Edward Larkin, of Larkin & Larkin of Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,486
IMPR.: \$ 69,530
TOTAL: \$ 78,016

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of an 8,160 square foot parcel improved with a seven-year-old, two-story, single-family dwelling of masonry construction containing 3,886 square feet of living area and located in Lyons Township, Cook County. Features of the residence include two full bathrooms, two half-baths, a full-unfinished basement, central air-conditioning, two fireplaces and a two and one-half car attached garage.

The appellant, through counsel, submitted evidence before the Property Tax Appeal Board arguing unequal treatment in the assessment process of the improvement as the basis of the appeal. In support of this claim, the appellant submitted assessment data and descriptive information on three properties suggested as comparable to the subject. Based on the appellant's documents, the three suggested comparables consist of two-story, single-family dwellings of frame or frame and masonry construction with

the same neighborhood code as the subject. The improvements range in size from 3,833 to 4,397 square feet of living area and range in age from one to 61 years. The comparables contain from two to four and one-half bathrooms, one or two fireplaces, a full-unfinished basement and a two-car attached garage. Two comparables have central air-conditioning. The improvement assessments range from \$14.25 to \$15.50 per square foot of living area. Based on the evidence submitted, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$78,016. The subject's improvement assessment is \$69,530 or \$17.89 per square foot of living area. In support of the assessment the board submitted property characteristic printouts and descriptive data on three properties suggested as comparable to the subject. The suggested comparables are improved with two-story, single-family dwellings of frame or masonry construction located within a distance of 0.5 mile of the subject. The improvements range in size from 3,888 to 4,008 square feet of living area and range in age from four to seven years. The comparables contain two and one-half or three and one-half bathrooms, a full-unfinished basement, central air-conditioning and one or two fireplaces. The improvement assessments range from \$17.60 to \$18.55 per square foot of living area. Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant's attorney submitted a one-page letter arguing that only one of the board's comparables is located on the same street as the subject and that one of the board's comparables is assessed lower than the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review V. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the appellant's comparable one and the board of review's comparables to be the most similar properties to the subject in the record. These four properties are similar to the subject in improvement size, amenities, age and location and have improvement assessments ranging from \$15.50 to \$18.55 per square foot of living area. The subject's per square foot improvement assessment of \$17.89 falls within the range established by these

properties. The Board finds the appellant's remaining comparables less similar to the subject in improvement size and/or age and accorded less weight. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
