

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: David Jacobson
DOCKET NO.: 05-26171.001-R-1
PARCEL NO.: 05-07-116-011

The parties of record before the Property Tax Appeal Board are David Jacobson, the appellant, by attorney William Seitz with the law firm of Fisk Kart Katz and Regan in Chicago and the Cook County Board of Review.

The subject property consists of a 10,679 square foot parcel of land improved with an 81-year old, two-story, frame, single-family dwelling containing 4,119 square feet of living area. The appellant argued unequal treatment in the assessment process of the land as the basis of the appeal.

In support of the equity argument, the appellant, via counsel, submitted information on a total of 16 properties suggested as comparable and located within the subject's neighborhood. The properties range in size from 10,500 to 21,000 square feet and in land assessments from \$1.60 to \$1.88 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's land assessment of \$26,911 or \$2.51 per square foot was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on four properties suggested as comparable and located within one mile of the subject. The properties range in size from 10,192 to 19,000 square feet and have land assessments from \$1.00 to \$2.16 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

At hearing, the appellant's attorney argued the subject's land was not uniformly assessed when compared to the suggested comparables. The board of review stood on the evidence submitted.

After reviewing the record and considering the testimony, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 18,368
IMPR.: \$ 82,375
TOTAL: \$100,743

Subject only to the State multiplier as applicable.

parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

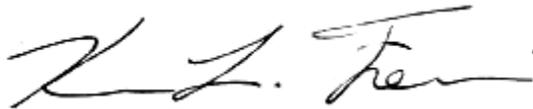

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The parties submitted a total of 20 properties suggested as comparable to the subject. The PTAB finds all the properties are comparable to the subject in land. These properties range in size from 10,192 to 21,000 square feet and have land assessments from \$1.00 to \$2.16 per square foot. In comparison, the subject's land assessment of \$2.51 per square foot is above the range of these comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot land assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
