

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Carole Hillman
DOCKET NO.: 05-26300.001-R-1
PARCEL NO.: 27-08-210-022-0000

The parties of record before the Property Tax Appeal Board are Carole Hillman, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 15-year old, two-story town house of frame and masonry construction containing 1,771 square feet of living area with a partial, finished basement, central air conditioning, a fireplace, and a two-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story frame and masonry town houses are 15 to 18 years old. The comparable dwellings range in size from 1,521 to 2,121 square feet of living area. Features include a basement; central air conditioning; and a fireplace. Photographs supplied by the appellant indicate that each comparable has a two-car attached garage. The comparables have improvement assessments ranging from \$6.99 to \$7.98 per square foot of living area. The subject's improvement assessment is \$14.72 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame and masonry town houses that are 17 years old. Each dwelling contains 2,580 square feet of living area. Features include a full, unfinished basement; central air conditioning; a fireplace; and a two-car attached garage. These properties have improvement assessments ranging from \$10.52 to \$10.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	5,832
IMPR.:	\$	18,596
TOTAL:	\$	24,428

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds that a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the comparables submitted by the appellant and by the board of review were all very similar to the subject in location, age, size, design, and/or exterior construction. These comparables had improvement assessments that ranged from \$6.99 to \$10.98 per square foot of living area. The subject's improvement assessment of \$14.72 per square foot of living area falls well above this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
