

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Michael Grycko  
DOCKET NO.: 05-26345.001-R-1  
PARCEL NO.: 22-30-101-030-0000

The parties of record before the Property Tax Appeal Board are Michael Grycko, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 47-year old, one-story style dwelling of frame construction containing 1,784 square feet of living area with a crawl-space foundation and a two-car detached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story or one and one-half story frame dwellings that range in age from 44 to 66 years old. The comparable dwellings range in size from 1,622 to 1,780 square feet of living area. Two comparables have a basement and a fireplace, and at least two comparables have a one-car attached garage. The comparables have improvement assessments ranging from \$10.98 to \$12.40 per square foot of living area. The subject's improvement assessment is \$14.54 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of one-story or one and one-half story frame dwellings that range in age from 73 to 117 years old. The dwellings range in size from 1,021 to 1,353 square feet of living area. Features include a partial, unfinished basement and a two-car detached garage. These properties have improvement assessments ranging from \$15.92 to \$26.26 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	2,660
IMPR.:	\$	20,908
TOTAL:	\$	23,568

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds that a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the comparables submitted by the appellant were the most similar to the subject in age, size, design, and/or exterior construction. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$10.98 to \$12.40 per square foot of living area. The subject's improvement assessment of \$14.54 per square foot of living area falls above this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
